Every insurance agent should cite the case of the St. Louis man who died recently. Last July this man took out a policy for \$150,000 and recently accidentally shot and killed himself. The premium paid on that policy was something less than \$5,000.

Just bear in mind that a road district election occurs next Tuesday and that it is your duty to vote at that time and also in the several other elections which are soon to occur. The citizen who fails to vote and afterward kicks about conditions is recreant to duty.

EXIT-the VAMP!

TOO TAME!

So her husband thought! She was all wife-and-mother-and-home-girl. A cross between an angel and a first-class servant.

As for life's thrill and tingle—well, Hubby found that in a gorgeous creature who "knew the world" and had more "pep."

Till his meek little "helpmate" learned the truth—and graduated from wife to woman!

A marriage romance that guile steps out and visits some folks you know.

The story of a wife more vamped against than vamping.

Till she learned a few tricks from the "other woman" and started something Hubby couldn't finish.

of instructors in religious education. A few years ago at a like convention of the same association there were less than 40 delegates. These figures give direct light upon the growing belief in the system of religious education for character development rather than in the more sensational revival method.

With the responsibilities of citizenship increasing every day, certainly some way should be found to impress the voters with the duty of taking part in elections.

There is something paradoxical in the news from day to day. Unemployment is a serious problem and yet strikes and lockouts are of common occurrence.

The three Pythian lodges in Decatur have a plan well under way for the erection of a commodious lodge home. There are fraternities in Jacksonville that are quite badly in need of better and more commodious quarters.

The bids for road construction received by the state yesterday came well within the limit of \$30,000 fixed by Governor Small and so were much lower than bids made a few months ago. The various counties for which bids were received indicate that contract work is to proceed all over the state.

If you don't think that the housing question is something acute in Jacksonville, ask the representative of a certain estate which holds the ownership of a number of Jacksonville houses. These holdings include a flat building and today there are 14 families on the waiting list. Most of these families have their furniture in storage.

It is a matter for regret that bad road conditions have interfered with non-resident attendance at the automobile show. Jacksonville has an interest in this fact because some of these visits would no doubt have meant sales. The non-residents who own cars are much more frequent visitors to the city than are the people who do not own cars. Jacksonville would be benefited if every citizen within its trade area was a car owner.

Talking about the duty of voting, the National Bureau of Information and Education has been collecting some interesting statistics on this subject. It is shown that in the last six presidential elections that less than 55 per cent of the qualified voters took the trouble to go to the polls. In elections last year in some of the southwestern states and in the Maine congressional election of recent date less than 25 per cent of the people cast ballots.

Alexander H. Revell, who favors a state income tax of 1 per cent with a limit on the maximum percentage that can be assessed, in argument for that tax declares that many people smile when they are helping spread a tax that will "soak" the rich business man. They fail to remember that the big man must get his tax money from some source and so will include it in the profits he makes from his business.

The general public helps pay the tax which sometimes seems to be levied only against a special class.

The league of nations sent a committee of health experts to Russia to study conditions. The committee has returned and has rendered a report that is full of praise for Russian public health methods, particularly as they relate to the children. It declares the present regime has done its utmost to obtain proper conditions for the development of the child.

How different is all this from the reports and pictures that have come to this country through the relief agencies in Russia. We are told that in the famine districts the dead are piled like cord wood waiting for the ground to thaw and permit burial. We have pictures of cart loads of dead being

hauled away in whole families with death on starvation planes in the air and of young people attaching ropes to their dead brothers and dragging them off. The relief agencies are matter-of-fact organizations, and it is probable that their descriptions are approximately correct. Certainly these reports are at strange variance.

WHERE YOU VOTE IN ROAD DISTRICT 7.

The polls for the election to be held in road district 7 next Tuesday will be in Tobin's store on East Lafayette avenue, near Howe street. It is understood that the polls will be arranged and managed to enable the voters to vote promptly and that the roads approaching the polls will be put in the best possible condition.

All citizens of the road district, including residents of Jacksonville and South Jacksonville are entitled to vote in the election.

The commissioner of Road District 7, has charge of the roads approaching Jacksonville, except the State Aid Roads. The condition of these roads have for years been the subject of justified complaints. The revenue of the road district is ample to maintain these roads, if used wisely and economically.

Go to the polls and vote for the commissioner who has the ability to do the job. It can be done at the same time taxes can be reduced.

A MOOTED QUESTION.

Support of the long-delayed Townier-Sterling bill for the creation of a U. S. Department of Education is constantly growing according to Hugh T. Magill, secretary for the National Education Association who has been in conference with General Federation of Women's Clubs Washington representatives and others working for the bill.

"Friends of public education are thoroughly aroused and are determined to make their influence felt on members of Congress," said Mr. Magill in an article appearing this month in the Journal of the N. E. A.

"Opposition to the measure so fundamentally sound as is the Townier-Sterling bill must give way to the united influence of those who recognize the essential importance to our National prosperity of a strong, intelligent citizenship."

"In representative democracy the people will ultimately determine the laws. We have only to demonstrate to congress that the friends of public education are mightier than its foes."

WINCHESTER CLASS GAVE ENTERTAINMENT

Sophomores Realize Goodly Sum From Entertainment and Box Social Friday Evening—Other Winchester News Notes.

Winchester, March 31.—The Sophomores of the High school gave an entertainment and box social in the hall of the high school Friday evening. A very fine program was presented by members of the class, and a musical program was given by the high school orchestra. Many boxes were sold and brought very satisfactory prices. In the contest for the most popular high school girl Miss Ruth Buckley was given the honors. The proceeds of the entertainment will go toward the Win Co. fund.

The Eastern Star held a school of instruction Friday, three sessions held during the day. Mrs. Humphrey, grand officer of the lodge, was here to conduct the school. Quite a number were present and the meeting was interesting throughout. A large number were present for supper at 6 o'clock and enjoyed a social time before the evening session.

A moving picture, "The Little Minister," was given at the Lyric Friday night as a benefit for the Ladies Missionary society of the Methodist church. The film was a good one and was viewed by a large audience. There will be a matinee Saturday afternoon.

Mrs. Edward Ritchie and daughters, Virginia, Edna and Yvonne, who have been guests of relatives here this week, have returned to their home in Indianapolis.

Fred R. McLaughlin has arrived from Hot Springs on a business visit.

Roy Phares, wife and daughter Mary left Friday for a short visit with relatives in Griggsville.

Master Dick Cowhick, who is quite ill with pneumonia at the home of his parents, was somewhat improved Friday.

THIS IS FINAL DAY OF SHOW AT AUTO INN

Attendance Record of Past Five Days Will Probably Be Surpassed Today at Auto Show and Merchants Exposition.

"Worse and more of it" was the weather story yesterday but again the fact was fully demonstrated that weather conditions have nothing to do with Jacksonville's interest in the automobile show and merchants' exposition. President Berger, Mr. Claus and other officials were surprised themselves at the afternoon attendance. They expected a crowd at night and were not disappointed, but the fact who thronged the Auto Inn in the afternoon came in surprising numbers.

At night the American Legion had charge of the entertainment floor and hundreds enjoyed dancing and the other amusements that the committee had arranged. Tonight the Automotive association will have charge of the dance and a number of special features will be introduced. In fact, there will be vaudeville between the dances and some other innovations which are sure to be very popular with the throng.

The automotive men have planned this evening's program as a sort of grand finale for a week of business and pleasure.

At a business meeting held Friday evening the members of the Automotive association decided not to continue the show during the coming week. Because of the bad condition of the roads there had been some discussion of this plan. However, it was determined that because of the continued rains several days must lapse before roads are again in normally favorable condition. It was therefore decided that it would not be wise to continue the show the coming week for the benefit of country visitors.

A number of car dealers came from Springfield Friday afternoon and returned to their home city last night on the 9:15 train. They all spent several hours at the show and were generous in their praise of the arrangement and the size of the displays. They were also enthusiastic about the spaciousness of the Auto Inn and said it was certainly an ideal building for the holding of such an event.

Still more "sold" cards were placed on the cars yesterday, indicating that business has been good even without favorable weather conditions. In fact, all the cars included in several exhibits have been sold and when the exposition closes will be delivered to their new owners instead of returned to the sales room from which they were driven to the Auto Inn.

Several new stunts were tried out by the merchants exposition department last night, much to the enjoyment of the thousands of visitors. There is enough doing at some of these booths to keep up enthusiasm and interest with the result that spectators can be found near some of these exhibits clear up to the closing hour.

If for one reason or another you have not visited the auto show during the five days just closed, don't fail to take advantage of this, the last day. You will be repaid by a visit to the exposition and no one will urge you to make a purchase.

WESTMINSTER FILM SERVICE.

Editor of the Journal:—

Because of the coming referendum on April 18, regarding "Commercialized Sunday Amusements" in Jacksonville the public is entitled to know the facts about our Sunday evening services.

1.—We make no money out of our Sunday evening services. The free will offerings during the last six weeks have less than a small deficit. No moving picture house could afford a free will offering.

2.—We use only three reels an evening. This occupies about 45 minutes, leaving us another 45 minutes for hymns, Scripture, etc., and a 20 or 30 minute sermon. If we can not obtain a good film, three reels at a time, we do not use it. The sermon is indispensable for spiritual effects. No moving picture house could keep open on three reels an evening. We are not in the amusement business.

3.—We are very particular as to our films. We have no use for moving picture "stars." We must have films as free as possible from love making scenes or anything salacious. Once in a while objectionable features occur, but rarely. We aim to have bible characters given or Gospel stories. If the film is in modern setting, a highly ethical purpose must dominate the picture and the sensual kept in the background. No moving picture house could live on three reels an evening of such pictures as we give. We are not in the amusement business.

4.—We also try out a picture before giving it. We have turned down films that were not preachable. We make no experiments with things we believe questionable. A number of churches, Decatur, Quincy, Kansas City and elsewhere, are using many of the same films used in "the trade." We confine ourselves to the non-theatrical productions as a rule. Our main object is not to draw crowds. If it were, we should resort to the sensational. Our single aim is to preach the fundamentals of Christianity. We are not in the amusement business.

5.—Our audiences are largely made up of young people who probably would not go elsewhere were it not for our film services. This is our estimate of the audiences. Others may guess differently. We have occasional visitors from all the other churches but they do not often leave their own evening church service for ours.

6.—We give much time to preparing our Sunday evening program. The teaching of religion is a most vital matter these days and many films teach the Bible and the Gospel appeal most impressively—especially if accompanied with a sermon. This teaching is worth all the prayer and pious and study and expense. There is no cheap and easy device of teaching religion. If good moving pictures attract the young people, the preaching of the fundamentals of Christianity will not be in vain.

7.—If our moving picture service on Sunday evenings are just the same in the eyes of the law as Sunday afternoon and evening "shows" for amusement and for money making, then it is also true that a chestnut horse is a horse. To uphold Christ is another thing. To try to make money is one ambition and has its rightful time and place. To try to bring men into the Kingdom of God is another object and would seem to be suitable to Sunday evening.

8.—If a carefully selected high-class film could be given in the Grand Opera House every Sunday evening without admission fee, accompanied by good singing and a strong religious address and a free will offering, much good might be done in winning men to Christ and building up Christian character. The offerings would not cover the expenses but thousands of young people would be reached. Many of us Y. M. C. A. men in France preached the Gospel preceding or following moving picture shows and more good was accomplished than can ever be put into statistics.

Concerning "A Maker of Men" to be given at Westminster church Sunday evening, Rev. Iglehart, of New York, says: "Dr. James K. Shields, preacher, poet, dramatist, reformer, who took the center of the photo-drama stage with his famous 'Stream of Life' has just placed by its side a worthy champion in his great picture play, 'A Maker of Men'—a great play because of the number of great truths compressed into it. Greatness of them is the call to the ministry. Roosevelt told me he considered the ministry the highest calling on earth. There is this great truth also, that God often goes down into a mine or shop to get a leader in the physical, mental and moral world. The physical and moral courage of the play is truly refreshing. It takes a backbone like that of Bruce to stand straight and knock a moral evil hard between the eyes. The gross immorality and sickening crimes among certain leaders in the film colony at Los Angeles have shocked the whole nation, have justified the warnings of moralists at the corrupting influence of so many of the modern picture plays, and have emphasized the necessity of the kind of work Dr. Shields is trying to do. The moving picture, sure as the printing press has come to stay. We believe the church should have bravery, wisdom, strength enough to keep its way from Satan and employ it as a powerful instrument in the establishing of the Kingdom of God."

Sincerely yours, Thomas W. Smith.

RENICK VIRES IS KILLED BY TRAIN

Well Known Colored Citizen Run Down by Wabash Freight Train Receiving Injuries Which Caused Death a Short Time Afterward—Inquest Today.

George Renick Vires a well known colored citizen of this city was run down by a Wabash freight train at the North Main street crossing of the road at 2 o'clock Friday afternoon, receiving injuries which caused his death before Our Saviour's hospital could be reached.

Vires started to cross the tracks where two local freights were switching. He was watching one train and stopped directly in front of West bound freight No. 72 in charge of Conductor Arthur Suits, which was backing up across the street.

He was knocked down and the wheels of the car ran over both legs just below the knees crushing them. Cherry's ambulance was called and the injured man was rushed to Our Saviour's hospital but he died before reaching the hospital.

Decedent was born in Shelby, Mo., November 3, 1862, but came to this city early in life. He was united in marriage in this city in 1892 to Miss Kathryn Corbin who survives. One daughter preceded him in death seventeen years ago.

Mr. Vires was a cook by profession and worked in some of the best hotels and restaurants in this city. For many years he has been an employee at the state house in Springfield and was well known in political circles. He was a member of the Methodist church the Elks and Odd Fellows and also manager of the Springfield Greater Band.

Following death the body was removed to the Gillham Funeral Home and prepared for burial.

Know What You Are Buying

Do you realize when you buy
12 oz., or 3/4 of a pound of baking
powder what it is actually costing you
per pound. For instance—

60c for 12 oz. or 3/4 of a lb.
equals 80c per pound

50c for 12 oz. or 3/4 of a lb.
equals 67c per pound

30c for 12 oz. or 3/4 of a lb.
equals 40c per pound

Did you ever stop to figure
this out? It is something that every
housewife should know because it
shows the false economy of buying
the 12 oz. or 3/4 pound can of baking
powder—it shows the big price you
pay per pound.

Do you know when you get
12 oz. you are not getting a full

would cost?

Never ask for a can of bak-

FINE CLIMATE IN ST. PETERSBURG

O. F. Conklin Praises Florida City
For What It Does For Tourists.

Mr. and Mrs. O. F. Conklin of
Mound avenue have returned to
their home after spending the
winter in St. Petersburg, Florida.
This is the second winter that
they have spent in St. Petersburg
and they are enthusiastic about
the town as a winter resort. Mr.
Conklin is frequently asked how
Florida compares with California.
He replies that, "There is no com-
parison. The weather is warmer
than Los Angeles. Los Angeles
does not do things to attract
tourists. In fact she doesn't have
since she can hardly house her
own people as it is. If one is far
enough south in the state, Flori-
da climate is fine in the winter."

St. Petersburg is situated on
the west side of the state, on
Tampa Bay which is a bay 40
miles long and 20 miles wide.
From the town across to the gulf
is 8 miles. These two bodies of
water and the shallowness of the
bay make the climate warm and
uniform. One of the most beau-
tiful thoroughfares in the city is Cen-
tral Avenue which extends eight
miles over to the gulf. The ap-
proach includes one bridge which
is a mile in length. There is
good brick pavement all the way
along the avenue. This is true
of all the country around St. Pe-
tersburg, as in Florida all that is
necessary to have a good brick
pavement is to lay the bricks on
the sand. There are several hun-
dred miles of good brick pave-
ment in Pinellas County. Such
pavements as these are necessary
in this part of Florida as the
country roads are all of sand and
are difficult to travel.

"The city of St. Petersburg
does more for tourists than any
other city in which I have ever
stopped," stated Mr. Conklin.
There is a Chess and Checker
club in the city with a member-
ship of 69. There are large open
air buildings in which tables with
four checker or chess boards
painted on them, are placed and
the members may play there when
the sun is too bright or the
weather is inclement. There are
Roquet grounds in the city parks
and 200 are numbered in the
Roquet clubs of the city. People
came from all over the country
to play in contest games of Ro-
quet for medals and honors.
Chess and Checker champions al-
so come from long distances to
compete. Horse Shoe pitching,
or "Barn Yard Golf," is also a
fad among the tourists, there be-
ing from three to five hundred
members in this club. The fam-
ous Scotch Kilties Band was in
St. Petersburg for three months
this winter and the city paid
them \$20,000 for the winter en-
gagement. The band played in
the park every day for the bene-
fit of the people. All these
games and music are furnished
free by the city for the amuse-
ment of the visitors and residents.

The Sunshine Card Club in
which 500 and Auction bridge are
played has over 500 members.
The members play in the city hall
and lights and all conveniences
are furnished at the expense of
the city. St. Petersburg is called
the "Sunshine City" and the news-
papers agree to give a free paper
to every customer, on each day
during the year that the sun does
not shine.

The soil around St. Petersburg
is especially good for a tourist
city as it cannot be muddy since
it is pure sand. A man, thinking
of buying a ranch near there, sent
a sample of the soil to be ana-
lyzed asking what was necessary to
make the soil fertile. The soil
analyst answered, "It needs every
thing but sand." The soil must
be fertilized for the raising of all
crops in this section of the state.
An orange grove, to be kept up
properly must be fertilized twice
a year. Still Mr. Conklin says
that most of the things raised
there, such as strawberries and
all kinds of vegetables, mature at
the season of the year that makes
them bring an exceptionally high
price. Plant City, a small town
near St. Petersburg, shipped
over one million quarts of straw-
berries this year. Mr. Conklin's
impression of St. Petersburg is
a very favorable one and it is un-
doubtedly an enterprising and up
to date city.

RECALLS SNOWSTORM OF MANY YEARS AGO

W. T. Spires Tells of Big Snow
Which Came Just Forty-Six
Years Ago.

The heavy snow storm yesterday
morning reminded W. T. Spires
of 411 North Fayette street of a
similar storm which came just
forty-six years ago. That snow
lasted for two days and nights
and was eighteen
inches deep on the level. The
farmers were then preparing to
sow oats, but the big snow de-
layed this work for at least fif-
teen days.

At that time Mr. Spires began
to carry the mail between Young-
blood and Franklin, the trip cov-
ering about nine miles. On the
morning of April 1 he started for
Franklin but found the roads
completely blocked with snow.
The possible way to travel was
found to be the two rear wheels
of a wagon with a tongue attach-
ed. A team was hitched to this
conveyance and the trip made.
The greater part of the distance
it was found necessary to travel
thru the fields as the drifts were
so deep that it was impossible to
traverse the main roads.

Trains on the old Jacksonville
Southeastern, which was the only
railroad to Franklin, were unable
to run for four or five days.
Tains at that early period were
not equipped with snow plows
and the track was cleared by
scores of men with shovels who
were hired to remove the snow.

FLU NOT CONTAGIOUS SAYS MISSOURI DOCTOR.

Dr. Edward S. Smith, city
health physician of Macon, Mo.,
is authority for the statement
that the flu is not a contagious
disease. Dr. Smith cites an ex-
periment made in the army to
prove his statement. When the
disease was prevalent in the ar-
my a test was made as to wheth-
er or not it was contagious. Vol-
unteers were called for and the
men in squads of 100 used the
same dishes and knives and forks
as did men afflicted with the flu,
and not one of them contracted
the disease.

According to Dr. Smith flu is
from an air-borne bacteria and is
due entirely to atmospheric con-
ditions. He states that a steady
rain rids the air of flu germs and
eliminates all danger.

HENRY FORD'S RAILROAD SHOWS OPERATING LOSS

First Time Since Its Acquisition by Him That No Profit is Shown

(By The Associated Press) WASHINGTON, March 31.—Earnings statements filed with the interstate commerce commission today by the Detroit, Toledo & Ironton railroad show that for its December operations it had incurred a deficit in operating expenses over revenues of \$331,000. This was the first month since its purchase by Henry Ford, in which it has not shown a profit.

Previous monthly earnings brought the road's return for the year under the Ford management into the profit class and for 1921 its revenue above expenses were fixed at \$43,000. Interest on bonded indebtedness is not classified as an operating expense by the commission and consequently is not reported.

Mr. Ford's attempts to reduce

rates on the line were given another rebuff today. An order was issued suspending a freight tariff which the Detroit, Toledo & Ironton proposed to make effective April 1, and by which coal rates in the Ironton district would have been cut ten cents per ton, until July 30. The usual investigation to determine whether the cut constituted a discrimination against other producing territory will be instituted.

FACULTY SHOWS SPEED WALLON'S SENIOR TEAM

Illinois College Faculty Volleyball Team Defeated Seniors—Games Were Exciting—Will Play Minsters Soon.

Members of the Faculty of Illinois college showed not only skill but speed Friday afternoon when they defeated the Senior class team in two games of volleyball played in the college gymnasium. The score of the first game was 21 to 9 and the second game resulted a score of 21 to 19.

Some time ago the seniors issued a challenge to the faculty to play basketball. After due consideration the Faculty decided that this sport was a little too strenuous for the members and offered to take the seniors on in a volleyball contest.

The seniors accepted the challenge and the games were played yesterday afternoon. There was a large attendance especially of students who were impartial in their rooting for the contestants. Dale was the referee while Eliss served as scorer.

Members of the Ministerial Union have been journeying to the College gym each week for exercise and have signified a desire to take on the Faculty in a volleyball match. The Faculty team is willing and the game will be played this week, probably on Monday afternoon.

The teams lined up as follows Friday afternoon:
Faculty—President Rammekamp, Dr. Swift, Dr. Ames, Prof. Pacey, Mr. Gull and Coach Harmon.

Seniors—Cully, Harney, Antrobus, Fierke, Wilson, Green, Substitute for Green, Weaver.

CRANE TURNS OVER LAST ALIMONY PAYMENT

(By The Associated Press)

AURORA, Ill., March 31.—Herbert P. Crane, wealthy iron manufacturer today turned over to his former wife, Miss Elida Piza, a total of \$73,200 as final payment on an alimony award of \$100,000 granted in connection with the divorce in November, 1920.

Of this amount which was paid during a hearing of the case in the Kane county circuit court at Geneva, Ill., the court retained \$2,510 to be paid to attorneys retained by Miss Piza.

Most of today was taken up with arguments concerning whether Miss Piza must produce the three year old child at any time the court so orders and whether she must give bond to do so. The child was brought here from New York at the direction of the court and is now in the court's jurisdiction. By the terms of the divorce decree was awarded to the mother but Crane later asked the custody of it.

Counsel for Miss Piza moved to have the divorce set aside and reopen the case on its merits on the ground that Crane had not carried out the provisions of the decree. Further hearing was postponed until May 15, when arguments will be heard on whether Miss Piza must bring the child to the court's jurisdiction on order. She gave bond of \$10,000 to keep the child in the jurisdiction of the court until further hearing.

FIRE DESTROYS HOTEL AT NASSAU, BAHAMA

West Palm Beach, Fla., March 31.—The fire which destroyed the Colonial Hotel at Nassau in the Bahamas and for a time threatened the destruction of many other buildings was brought under control only after it had destroyed the hotel structure, the swimming pool, laundry, power houses and several other buildings on the hotel property, according to a wireless message received tonight by H. E. Bemis, owner of the Nassau property.

There were about 150 guests in the hotel according to the message but no lives were lost.

TWO OOF SUSPECTS ARE IDENTIFIED.

MARION, Ill., March 31.—Five of the seven men held here as confederates of "Dressed Up Johnny" Gardner, were today identified from Rogues' Gallery and Bertillon records furnished at the federal prison at Leavenworth, Kansas, according to announcement by Sheriff Thaxton. Two of the men were described as follows: Jim Cloud, who served two terms for burglaries in the Iowa and Missouri prisons and James Madison, safe blow, a former convict in the Missouri prison.

LANDSLIDE WRECKS M. P. PASSENGER TRAIN

St. Louis, Mo., March 31.—A hundred foot landslide derailed Train No. 2 of the Missouri Pacific at Boles tonight causing the engine to overturn and forced four of the eight passenger cars to leave the rails all remaining upright. No passengers were injured.

Engineer Frank R. Roberts of St. Louis was severely bruised in leaping from his engine. Fireman J. Altman escaped serious injuries.

ALLEGED SLAYER PLEADS NOT GUILTY.

OMAHA, March 31.—Otto Cole, who recently confessed, police say that he escaped Joliet, Ill., state prison two years ago, pleaded "not guilty" and was held for trial in district court in connection with the fatal shooting of Harry Hahn, an Omaha pawnbroker when arraigned in police court today. Cole charged with murder said he thoroughly understood the legal procedure and did not care to have an attorney to represent him at this time.

INSTRUCTS MINERS TO DISREGARD ANY CIRCULARS RECEIVED

Farrington Says He Believes Were Sent Out to Incite Riots

(By The Associated Press)

SPRINGFIELD, Ill., March 31.—Instructions to Illinois miners to disregard circulars purporting to be from the communist party, were issued from the miners' headquarters of district 12 tonight over the name of Frank Farrington, District President who declared that union officials believe the circulars have been distributed, not by communists but by detective agencies for the purpose of inciting miners to acts of disorder to make business for the detectives.

"You are urged to do everything possible to maintain order and to protect mining properties against acts of depredation," the message continued.

Approximately 95,000 miners suspended work in Illinois; 1,025 coal mines today in obedience to the strike order of the international union.

President Farrington left tonight for Franklin county to speak at a miners' meeting tomorrow.

All Southern Illinois Men Out.

BENTON, Ill., March 31.—Thirty-five thousand coal miners of Southern Illinois tonight laid down their picks and shovels and withdrew from more than 100 mines in this district, preparing to celebrate tomorrow the twenty-fourth anniversary of the establishment of the eight hour day by launching a new strike, this time for six hours a day and a five day week.

ALLEGED BANDITS CASE TO JURY TODAY

(By The Associated Press)

TAYLORVILLE, Ill., March 31.—The fate of Jerome Lockard, former deputy in the Christian county sheriff's office, his brother Jesse Lockard and "Stuttering Jimmie" Lotsey on trial as members of the bandit gang in the \$95,000 Peabody mine payroll robbery in Kincaid on August 13, 1921, will rest with the jury tomorrow.

The case is expected to go to the jury before noon. Two hours were divided between prosecution and defense tonight for argument which attorneys for both sides predicted will be finished within half a day tomorrow.

Character and alibi witnesses followed Jerome Lockard on the stand today. The former deputy made a general denial of all the charges and evidence against him even asserting that his wife was mistaken when she created a sensation in court yesterday by calling a witness a "liar."

The witness was Homer Greenwald, pal of the former deputy. In his testimony today, Lockard said his wife had "loaned" Greenwald \$100 on one occasion. Mrs. Lockard from her seat in the court room yesterday told Greenwald he lied when he said he had received money from her.

In explaining that his departure from Litchfield on a St. Louis bound train December 15, the night his cousin "Peg" Lockard was shot and killed near Edwardsville following a confession Jerome said he went to Belleville to see his attorney. On this trip he admitted using an assumed name, declaring that it was his custom to use another name when conducting "investigations."

Rose Frank, a St. Louis girl and Dr. B. N. Gerson, St. Louis physician were alibi witnesses for "Stuttering Jimmie."

BURGLARS IN CLASS WITH MURDERERS.

FRANKFORT, Ky.—Burglars and murderers are placed in the same class in a law passed by the Kentucky General Assembly in the closing days of the 122 session, the penalty for breaking in to a dwelling house at night being fixed as life imprisonment or death in the discretion of the jury.

The assembly also passed a law which provides that embezzlers from banks, bank robbers, wilful murderers, firebugs, highway robbers and persons convicted of crimes against women cannot be paroled.

CORNELL MAN BREAKS RECORD.

ITHACA, N. Y., March 31.—Fred Lovejoy, Cornell's crack sprinter equalled the world's record in the 75 yard dash at the Cornell-Michigan indoor meet in this city last Saturday night. It was announced today. He covered the distance in 7.3 seconds.

ORDER SECRET MOBILIZATION

London, March 31.—A despatch to the Daily Mail from Belfast says the republican committee has ordered a secret mobilization of the republican section of the Irish republican army for Sunday, possibly with the intention of violent action.

SPRINKLE STREETS WITH MOONSHINE.

LOUISVILLE, Ky., March 31.—When the village water cart failed to appear on time at Beattyville, Ky., yesterday, police Judge Regely commandeered a large supply of confiscated moonshine whiskey stored in the court house and set men at work with it laying the dust on Main Street, according to advices today.

FATHER F. F. FORMAZ ADDRESSES ROTARIANS

Local Man Tells of Recent Visit to Europe at Rotary Club Luncheon Friday.

Very Reverend Dean Formaz was the speaker at the luncheon of the Rotary Club at the Pacific hotel Friday noon. Father Formaz said in the beginning that he did not know the subject on which he was expected to talk, but he assumed that he was expected to give some impressions of Europe. Then the speaker went on to say that he really did not have any impressions, and emphasized the thought that the average American who travels in Europe is not at all fitted to understand European conditions any more than the average European gets a real understanding of America by a hurried visit here.

Vincent R. Riley, president of the club, presided and among the guests of the day were Homer Potter of this city and T. E. Marx of Chicago. A brief announcement was made with reference to the coming road district election, the speaker merely saying that all Jacksonville citizens have a right to vote in this election and are definitely interested in it because the bulk of the funds raised come thru Jacksonville taxes.

Father Formaz spoke in a most interesting vein, recounting an occasional experience, but for the most part talking about the viewpoint of the average tourist and explaining how the impressions gathered by tourists are often inaccurate. He suggested that as a result of his observations that some of the customs and habits of Europeans which we wonder at or frown upon are just the result of candor. The people act more naturally there and with less restraint. So they make mere commonplace of some things that to us are, in the least, out of the ordinary and unusual.

The speaker said that you can go to Europe and see much that is so-called—places, where crime and want stalk about with dire results, and then he mentioned that it is not necessary to go overseas to see such conditions for they can be found right here at home if one has but the disposition and the interest to find them.

Father Formaz talked about some of the characteristics of the Spanish people and the French and intimated that it would take years of study to thoroughly understand the peoples of Europe. An interesting word picture was given of a visit to the French chamber of deputies at the spectacular moment which marked the resignation of the premier.

Other details of travel and observation were given with a definiteness of description to show that the Jacksonville priest is no ordinary traveler, but indeed a deep student of people and conditions.

ANDERSON AND HUNTER IN TENNIS.

NEW YORK, March 31.—Frank T. Anderson, and Francis T. Hunter, both of this city will meet tomorrow for the men's national indoor tennis championship each having won his way to the financial round of the 1922 titular tournament this afternoon. Anderson defeated S. Howard Voshell, 9-11, 6-3, 7-5. Hunter won from George C. Shafer, 6-1, 6-2.

Hunter's victory was easily gained but the battle between Anderson and Voshell was one of the closest and most thrilling ever witnessed at an indoor championship. Games went with service in the opening set until nine-all when Voshell broke thru with the aid of several spectacular short court returns and then won the set on his own service.

The semi-final round matches of the doubles produced two spirited contests. George Carlton Shafer and Dr. George King, the veteran colleagues, easily outdrove and outcolleged C. E. Unterberg and Paul S. McHugh, the young Fordham players.

RADIOPHONE IN FINE WORKING ORDER.

The Radiophone at the Knights of Pythias Hall was working extremely well last night. Musical programs were heard from Madison, Wis.; Pittsburgh, Pa.; Schenectady, N. Y., and Dallas, Tex. Market reports and general news were received from Denver, Colo. Harry Jensen and Fred Jamison were in charge of the machine last night and had little trouble getting in tune with the various stations.

AGED COUPLE ARE SURPRISED.

The N. E. Charity club pleasantly surprised Mr. and Mrs. Brown, an aged couple, residing on Ashland avenue recently with a pound donation party, each member taking a pound of something toward adding to the comfort of the couple. The time was spent in singing, prayer and words of good cheer spoken by each member of the club. When the members departed it was with the benediction, "God Bless You All" pronounced by the aged couple.

KEEPING CLOSE TRACK OF ICEBERGS.

WASHINGTON, March 31.—Officials of the hydrographic office of the navy department were keeping close watch tonight on reports from the vessels on ice duty in the danger zone just south of the Grand Banks. The coast guard cutter Seneca now on station reported yesterday two observations locating an iceberg almost directly in the westbound steamer track from Europe to Boston and the traffic is moving around the spot under advisory warnings from the hydrographic service.

IMPROVEMENT SHOWN IN BASIC INDUSTRIES

(By The Associated Press)

WASHINGTON, March 31.—Improvement in basic industries, especially railway equipment, steel, copper and other metals has been the outstanding feature in business development during the past few weeks, the federal reserve board declared in its monthly review of business and financial conditions thruout the country made public tonight. A marked increase in automobile production also was noted as well as continued advance in building activity.

Against this favorable trend, the board asserted, a variety of conditions have operated to offset the encouraging improvement noted in textiles during the winter. Prominent among these unfavorable influences were disturbed relations with labor as well as uncertainty as to production costs and lack of orders.

Agriculturally, the month has been one of favorable development the board declared while a marked, even if a still limited decrease in unemployment is underway. Some advance in wholesale prices was reported, this being attributed to the advance in agricultural prices thru inter-industrial adjustment is still incomplete, the board added.

Economic News That Will Save You Money

And this News is About Fine Shoes For Boys and Men

All advertising is Economic News. We aim to make ours, about fine shoes, of especial value to you. So much so that you cannot afford to miss reading it.

This week we are offering shoe values that if we were to make comparative prices on what these articles did sell for, you would hardly believe us.

There is a reason for these prices. In some cases we have too many of one kind on hand and want to turn them. In other cases they are numbers which we are going to discontinue.

All of them are exceptional values which you cannot afford to miss. Come in and see.

TRADING IN STOCK MARKET ACTIVE

By Associated Press.
NEW YORK, March 31.—Trading in the stock market today again was unusually active and diversified. Many popular issues scored highest prices of the year on transactions approximating 1,100,000 shares. Gains were substantially reduced, however, and in several instances entirely cancelled before the close, on the sudden flurry of money rates. Call loans rose to 5 1/2 per cent in the financial hour the highest quotation of the week. Apart from this incident, sentiment in speculative circles continued bullish. The approaching crisis in the coal industry seemed more than amply offset by the developments helpful on the long account. The high class rails and industrial participants only moderately as the day's expansive operations aside from favorite motor equipments.

Advances of ten points in Cast Iron Pipe, Savage Arms, United Fruit, Pressed Steel Car, New York Air Brake and Chandler and Studebaker were fairly well retained and several of the junior rails reflected the demand for kindred securities in the bond list.

Business in foreign exchanges was larger than on any recent day and almost without exception quotations showed distinct improvement.

Sterling was at its highest range of the week, French, Italian and Belgian bills were three to seven points higher and the German market a trifle above .034 compared with last week's decline to .0291.

BRADSTREET'S REPORT WILL SAY

By Associated Press.
NEW YORK, March 31.—Bradstreet's tomorrow will say: "The outlook is mixed, in fact decidedly mixed. A condition exists in the country enters the shadow of the coal strike. First and foremost, there appears the same indifference to this threatened labor trouble previously not noted except in the immediate neighborhood of the mines where union miners are expected to strike where trade buying is and has been restricted.

"Owing probably to the late arrivals of Easter and the widespread stormy weather of the week rain, hail, snow and cold being noted in different sections, reports from jobbing and retail trade in wearing apparel furnishings and spring attire generally are nothing to get excited about while primary markets for cottons, silks and wools betray the unsettlement previously noted with trading largely on the quiet side except in the case of export buying of sheetings and some other heavy cottons induced by recent price falls. Trading for the far future in the apparel lines, in fact appears extremely cautious, except in novelty lines. Raw wool is easier in price and there is a reported fear that New England may involve important woolen and worsted interests."

WHEAT UNDERWENT MATERIAL SETBACK

CHICAGO, March 31.—Wheat underwent a material setback in price today owing largely to bearish crop estimates. The market closed heavy 1c to 2 1/2c lower with May \$1.32 1/2 to \$1.32 3/4 and July \$1.17 1/2 to \$1.17 3/4. Corn lost 1c to 1 1/2c, and oats 1/2 to 3/4c. In provisions, the outcome was unchanged to 15c lower.

According to reports given out today by unofficial authorities the condition of the winter wheat crop appeared to be around 75 per cent as compared with 76 in December last. Estimates of the probable yield varied from 550,000,000 to 580,000,000 bushels against December estimates of 527,000,000 bushels. With such figures current and with milling and export demand slow the market readily took a downward course, especially as Liverpool quotations showed weakness and moist weather continued in the wheat belt.

All the active deliveries closed at the bottom prices of the session.

Corn and Oats went lower with wheat notwithstanding that wet weather was said to have decreased the acreage of oats as much as five per cent and to have not delayed to a serious extent farm work as a whole.

Deliveries were pulled down by weakness in the bond market and by slowness of cash demand.

MISS SOMEBODY ELSE PROVES FINE PLAY

Given in High School Auditorium Friday Evening by Members of the Senior Class—Work of Cast Was Excellent

A crowd which taxed the seating capacity of the high school auditorium gathered last evening to see the play, "Miss Somebody Else," given by members of the senior class. The play, a four act comedy drama of modern American society life, was full of dramatic situations, clever comedy and attractive scenes.

The work of the cast, directed by Miss Adelle Strickland as coach, was exceptionally fine and every member carried out his part with ability. The play moved smoothly from scene to scene and the production was put on with such finish as to take it out of the amateur class. The stage settings were especially attractive and the splendid music furnished by the high school orchestra added greatly to the charm of the play.

"Miss Somebody Else" was, in the opinion of those who saw it, one of the best productions given at the high school for a number of years. Miss Belle Palmer took the charming part of the clever, bright society girl, Miss Constance Darcy with exceptional talent and even more charming in her later role of the vivacious little Irish maid; Lee Henry Goebel played to perfection the role of the fascinating young hero, Cruger Blainwood; Miss Mary Sim in the role of Mrs. Blainwood was the slightly naughty society matron. The audience went off into peals of laughter over Miss Helen Turner, as Susan, the drawing maid with her cheerful conversation about funerals, and her funny antics.

The part of the villain of the play was admirably taken by David Dawson, as Ralph Hastings, the well dressed, scheming society scoundrel. Miss Josephine Milligan was charming as the vivacious French maid with her Parisian accent and dainty manner. The character of Mrs. Delavan was well portrayed by Miss Elizabeth Scott, who put dignity and poise into the role. Mildred, her pampered but sweet daughter, was Miss Virginia Cumming and the role of Jasper Delavan, her absent-minded scientific husband, was played by Clifford Sibert.

The crowd of gay society folk, who came to the Tuxedobrook club house was composed of modern typical characters all well taken by the other members of the cast: Fay Blainwood, the petulant, pretty society girl, was Miss Dorothy Randle, and Miss Sarah Russell as Mrs. Herick, a gossip society matron, commented gaily upon the doings of their set. Thomas O'Brien as the bashful young man, Sylvester Crane, and Miss Vivian Pires as Freda Mason, took their respective parts well. Sympathy and laughter were provoked by the troubles of Malcolm Hulett as Bert Shaffer, the young man who stepped all over the shoes of the haughty Alice Stanley. Miss Leota Taylor, when the pair attempted a dance in the ball room. Clarence Wilson as John, was quite the correct chauffeur, and Mabel Rogers, Mary Janet Capps and Charles Hopper as society personages completed the cast.

The attractive furniture for the play was furnished by Andre & Andre. A synopsis of the scenes and committees for the play follows:

MUSIC BY RADIO.
Although atmospheric conditions were far from ideal last night the radiophone of the Jacksonville Railway & Light Co. at the auto show received ten numbers out of the fourteen issued by the Westinghouse studio. The final number received just before ten o'clock was so clear that it could be heard by all people within six or eight feet of the radiophone. The final program is to be given tonight, when a number of famous musicians will be heard.

FORMER RESIDENT OF COUNTY WEDS IN EAST

Miss Lois Baker Anderson of Rome, N. Y., Is Bride of Mr. Theodore C. Mowry.

The following, taken from the Rome (N. Y.) Sentinel, gives the facts about the marriage of Miss Lois Baker Anderson to Mr. Theodore C. Mowry. Mrs. Mowry is a cousin of Mrs. Rena French Kessinger, with whom she has made her home in Rome for a number of years past. She is a daughter of Mr. Wesley Anderson of Chapin.

"There was a quiet home wedding today at the residence of Mr. and Mrs. A. R. Kessinger, 720 North Washington street, when the latter's cousin, Miss Lois Baker Anderson, was united in marriage with Theodore Clayton Mowry, son of Mr. and Mrs. T. J. Mowry. The ceremony was performed by Rev. Philip H. Cole, D. D., pastor of the First Presbyterian church. The only attendant was the ring bearer, Ruth Joy French, another cousin of Mrs. Kessinger. Before the ceremony there were piano selections by Miss Janet MacAdam. A wedding luncheon was served with the immediate relatives present. After a wedding trip Mr. and Mrs. Mowry will be at home in their newly furnished residence, 1911 North James street.

"The bride attended the Illinois Woman's College at Jacksonville, Ill., and has traveled extensively abroad. She has made her home here six years. The groom is a member of the Baum Castorine Company, a member of the Rome club, Teague Country club, Y. M. C. A., Boy Scouts' Council, and other organizations, and he is a graduate of the Rome Free Academy and Princeton University, and is superintendent of Presbyterian Sunday school. Both are popular with a host of friends who will extend congratulations and best wishes."

DEATHS

Griffith.
The death of L. W. Griffith came at 8 o'clock Friday evening at the family home, 503 West College street. The deceased had been ill but a week and the news of his death will come as a shock to his friends.

Mr. Griffith was born in Clay County, Mo., sixty three years ago. He was for many years a resident of the Greenfield vicinity, where he carried on farming operations. He came to this city last July and has since been employed by the Jacksonville Railway & Light Co. The deceased is survived by his wife, four sons and one daughter, Ernest, Lester, Chester, Royal and Polly. He leaves also two brothers and a sister all resident in Missouri.

The remains will be taken to Greenfield for interment and the funeral will be held there.

Glenn.
Mrs. Mary A. Glenn, widow of the late George R. Glenn of this city, passed away at her home on South Main street Friday morning at 2:30 o'clock. Death followed an illness of brief duration.

Mrs. Glenn, before her marriage was Miss Mary Buckingham. She was born in January, 1844 in Jacksonville and always made her home in this city. She was for many years an active member of Brooklyn M. E. church.

Mrs. Glenn is survived by the following daughters, Misses Ruey, Nellie, and Jessie Glenn and Mrs. Herbert J. Rucker all of this city, and by one brother, William F. Buckingham of Springfield, Illinois. She was preceded in death by her husband and one son, Dr. C. I. Glenn of Franklin.

Funeral services will be held at the home, 928 South Main street, Sunday afternoon at 2:30 o'clock.

Harrison.
Sarah Drucilla Harrison daughter of James Allen and Susan Martin Black, was born Oct. 27, 1852 in the Shiloh neighborhood. In 1874 she was united in marriage with William H. Harrison who passed to the great beyond Jan. 5th, 1919. To this union four children were born, Arthur, Edith, Homer and Mary. The eldest, Arthur died in infancy. Edith (Mrs. Wm. Davies) lives in the Durbin neighborhood and it was at her home the beloved mother entered into rest. Homer Harrison lives near Woodson and was with his mother when the final summons came.

The youngest daughter, Mary, (Mrs. Samuel Boston) of Jacksonville, had the added sorrow of being kept from her mother's bed side by illness.

Surviving are also two sisters Mrs. George W. Thompson and Mrs. George Swain, both of this city.

Mrs. Harrison had made her home with Mrs. Thompson since the death of her husband. Eight grandchildren remain, John W. Stigall, Dorothea Davies, Henry and Frances Boston, Helen, Sarah and Elmer Harrison.

Mrs. Harrison gave her life to God in early years and was a consistent, faithful member of Centenary M. E. church.

Naturally of a gracious, friendly disposition she made firm friends wherever her lot was cast. Brief services will be held from the residence of Mrs. Davies at 11 o'clock Monday morning. More extended services will be held from Hebron church at 3:30 o'clock in charge of the Rev. G. T. Wetzel. Burial will be in Hebron cemetery.

Two Morgan county horsemen have returned from Chicago where they went to purchase horses. The horses are exceptionally fine animals.

S. S. WORKERS WILL HOLD ANNUAL MEETING

Home Department and Cradle Roll Workers to Meet Monday at Northminster Church.

The eighth annual meeting of the Sunday School home department and cradle roll workers will be held at Northminster church Monday, April 3. A very fine program has been arranged for this occasion and there will doubtless be a large attendance. The music will be in charge of Rev. G. W. Randle of Brooklyn church.

The program follows:
Scripture Reading and Prayer
—Rev. R. O. Post.
Piano Solo, by our latest member, Liszt's Rhapsody, No. 12—Claud Rynders.

And let us not be weary in well doing; for in due season we shall reap, if we faint not. Gal. 6:9.—Mrs. Richardson.
"We Must Know"—Rev. March.
"Hand Picked Fruit's the Best"—Rev. E. L. Fletcher.
"Enthusiasm is the genius of sincerity; and truth accomplishes no victories without it."—Rev. Howells.

Rally song, written for the occasion, by Mrs. Hopper:
The church is full of members, who are playing on the job, its door is open very wide, but let us turn the knob;
The knob is these departments, now just try it if you will, as we go marching on.
Chorus—Glory, glory, etc.

The pastors all regret the fact, the cause drags on so slow, but only turn the knob and see how quick the work will go. We're all alive and moving on just watch us here today, and see if this is true.
Chorus—

Last year we added to us what makes all of us so glad, we took our "Cradle" sisters in with all the names they had; we want all our homes in Sunday School, for surely this is right.
As we go marching on.
Chorus—

Now fortune smiles upon us, I am sure for this appears, our friend and fellow-worker's here, his name is Mister Sears.
We'll listen to him gladly, as he talks to us today.
Chorus—

Address—H. W. Sears.
Officers:
President—Mrs. Charles Hopper.
Vice President—Mrs. John Kastrop.
Secretary - Treasurer — Mrs. Harry Timmons.

Motto: "I cannot do everything, but can do something. What I can do I ought to do, and what I ought to do I will do, by the grace of God."
Annual meeting of 1922 will be held in Westminster church on the second Monday in April.

Hear Isidore Levin at court house Wed. April 5. Suppressed facts exposed. Women also invited. Moore, Frisch and Rogers are invited to share platform.—(adv)

CITY AND COUNTY

Hostess To Fine Point Club.

Miss Louise Topping entertained the members of the Fine Point Club yesterday afternoon at her home on Prospect street. The ladies took their work and a delightful afternoon was spent. Dainty refreshments were served by the hostess in the course of the afternoon.

South Side Circle Met With Mrs. Grant Graff.

The South Side Circle met yesterday afternoon with Mrs. Grant Graff as hostess at her home on Diamond Court. The program of the day was in charge of Mrs. E. L. Fletcher who gave an interesting paper on the subject of "Ancient Time-pieces." Mrs. Fletcher began her paper with a sketch with an account of the cave dwellers and how they told time by means of the shadows cast by the sun. Later the sun dial was used and this was followed by the hour glass. The account of the Clepsydra or water clock was especially interesting and Mrs. Fletcher had some illustrations of old time-pieces which added to the interest. A brief discussion of the present day watches and clocks and their manufacture closed the paper. A delightful social hour and the serving of delightful refreshments ended the afternoon.

W. C. Enjoy Birthday Party.

The March birthday party of the Woman's Relief Corps was held yesterday afternoon at the home of Mrs. Jessie Dunavan on Hardin avenue. The hostesses for the party were Mrs. J. C. Weber, Mrs. Harriett Hopper, Mrs. Charlotte F. Gray, Mrs. Mary J. Taylor, Mrs. Jessie Dunavan, and Mrs. Thomas Stubblefield. A short program was given during the afternoon including a violin solo by Miss Dorothy Dunavan and a reading by Miss Eleanor Thompson. Miss Dorothy Dunavan also gave a reading which was much appreciated.

There were about thirty-five guests present and a very pleasant afternoon was spent. At the close of the program attractive refreshments were passed.

Scott B. Green purchased a three year old stallion while in Chicago. The horse, Northern Knight has a record of 2:23 1-2 as a two year old, he is now three years old.

JERRY SEYMOUR TO CELEBRATE BIRTHDAY

Life Long Resident of County Will Celebrate Ninetieth Birthday Anniversary at Home of Daughter Today.

This is a very important anniversary in the life of Jerry Seymour of 204 Franklin street, as he today will celebrate his ninetyeth birthday. The important occasion will be quietly celebrated at the home of his daughter, Mrs. F. M. Spires with whom he has been residing for the last few years. Most of Mr. Seymour's ten children will be present today and at noon a bountiful dinner will be served.

Mr. Seymour was born April 1, 1832, on the old Seymour homestead four miles southwest of Franklin. He is a son of the late John and Sallie Seymour, early residents of the county who were natives of North Carolina. Mr.

Seymour's entire life has been spent in this county, with the exception of a few years spent in Nebraska. He has been a farmer all his life until recent years when advancing age compelled him to lay aside active duties.

The aged man enjoys excellent health, but of late years his eyesight has failed considerably and his hearing is also somewhat affected. He has a remarkably memory and recalls vividly many incidents of earlier days.

Mr. Seymour has thirteen grandchildren and 15 great grandchildren, most of whom will be present today for the family celebration. Among Mr. Seymour's children who will be with him today are the following: Henry and H. W. Seymour, of Murrayville; Miss Julia Seymour, C. E. Seymour, Leslie Seymour, and Mrs. Spires, of Jacksonville. Three other children, W. P. and Thomas Seymour and Mrs. C. O. Johnson all of Rush City, Mont., will not

be here. The aged man's brother, George W. Seymour, of East Morton avenue, who last week observed his eighty-stud anniversary, will also be a guest.

WILLIAM COCKING HAS ROAD OILING CONTRACT

William Cocking has returned from Bloomington where he awarded the contract for furnishing road oil to McLean county. This contract is for nearly 2,000 gallons of oil and is taken the name of the Roxana Oil. This company will furnish the oil and Mr. Cocking has the contract for applying it on the roads of the various townships in McLean county. This is one of the largest individual road oiling contracts in the state.
